Cellular Communicator³

when you add interactive home control to your system!

Order by 2/28/2017.

No phone? No problem.

The Cellular Communicator eliminates the need for it. No phone line to be cut or tampered with. The interactive feature lets you arm, disarm or check the status of your system remotely on a smart phone, tablet or web browser. Receive a text message when anyone arms or disarms the system. Even automate and remotely control lights or a thermostat!²

Evergreen Security	The "Other" Guys
36 month agreement at \$45/month for cellular interactive security & automation systems. Control lights, locks, thermostats and more, for one flat rate ² .	They typically charge more, and some ask for a 5 year contract! One national company charges as much \$63.99 a month!
We don't charge extra for medical, fire, flood or carbon monoxide monitoring ² , or a warranty ⁴ !	They usually do!
Veteran-owned from our office in North Idaho. Monitored by Northwest central station that is UL listed for commercial fire.	Do you know where theirs is?
We use company branded vehicles and local technicians that we train. We install nationally available non-proprietary equipment.	Do they use unmarked white vans? Do they install equipment that ONLY they can work on?
We are accredited and rated A+ by the Better Business Bureau.	Are they?
